

# Rollup Retractable Banner Stands

There are many reasons why Roll Up Classic is perhaps the most popular display system on the market. Few things are as reliable and functional and at the same time cost-effective and easy to use. With Roll Up you are always ready to make a quick presentation. It is easy to carry and it can be simply pulled up when needed. At the end of the meeting it is just as simple to roll up the banner again, put the carrying case over your shoulder and set off for the next event.

Roll Up Classic is based on tried and tested technology, offering excellent quality and value for money. During transport the banner is well protected in the cassette and when erected the sealed construction prevents gravel and foreign objects from entering the system.
