

Rollup Pro Retractable Banner Stands

Sometimes you need to be ready for a presentation at a moment's notice and yet still be able to put across the message with a touch of exclusivity. Roll Up Professional is perfect as it is the most exclusive banner system in its class. In less than a minute you have a ready-assembled display system where the design and quality are far beyond the norm. The banner, complete with your message, can be unrolled from the cassette quickly and simply. It can then be rolled back just as easily before moving on. As the banner is well protected during transport in the tastefully finished cassette it never becomes soiled or worn. Nor do you need any aids or extra accessories to change the message. Everything is done with the click of a button. The solid construction keeps the system firmly in place. Available in silver or dark blue.

| Product | Visual Opening |
|-------------------|-------------------|
